

Options for Businesses

Pacific Centre Family Services provides charitable tax receipts for most donations.

We also work with local, regional and large companies to create sponsorship, donation and naming opportunities that meet the needs of business owners and managers. These are some ways that PCFSA can receive donations and sponsorships.

1. **Advertise** your company as a proud supporter of Pacific Centre Family Services, along with PCFSA's logo and your own. This advertising may be print, radio, TV, websites, or on vehicles or other mediums your company uses most effectively. This is often a fully tax-deductible advertising expense.
1. **Pay** for PCFSA's advertising needs throughout the year, with your company logo included. This will largely be in print mediums, but may also extend to radio, TV and social media/website. This is also a fully deductible expense.
1. **Provide** funding for a room or feature of the new building, with your company name featured there and on our website. This can be a fully deductible promotional expense.
1. **Support** costs such as janitorial, utilities or childcare can also be funded and acknowledged. Naming is a fully deductible promotion expense.

Other support costs can be acknowledged publicly and are also seen as promotion for your company and can be deducted in the same way.
1. **Donate** goods in kind (building materials, insurance, furniture, equipment) and receive a tax creditable receipt for its value.
1. **Donate** any amount of cash over a period of 1-3 years and receive a tax creditable receipt.

Sponsorship and donation arrangements can be customized to your needs and receipted for tax purposes. Please call 250-478-8357 to discuss what works for you.

Thank you and we look forward to helping you support the health and wellbeing of children and families in our community.
